The Rangers presented a television set to the home last year.

Mrs. Jean Heltzel, president of the club, and Mrs. G. Richard Baldwin made the presentation. The chairs were placed in the women's building at the home. They were accepted on behalf of the guests by Herbert Taylor, steward.

\$73,900,000,000 Budget Calls For Increase In Military And Foreign Aid; Hike Postal Rate

By ED CREAUGH
WASHINGTON (AP) — President Eisenhower sent Congress today a record peace-time budget just short of 74 billion dollars. He said by far the largest part of it, almost two thirds, is for defense against growing danger from Russia in "the dawning age of space conquest."

The President disclosed that the government now expects to wind up in the red for the fiscal year ending June 30. He announced his intention to ask for a short-term increase—he didn't say how much—in the present 275-billion-dollar limit on the national debt.

But he voiced confidence business will pick up and tax receipts will increase so that the new \$73,900,000,000 budget, for the 1958-59 fiscal year, will be in balance. He said he expects a surplus of half a billion dollars or so, compared with the 400-million-dollar deficit now in sight for this year.

Ask Postal Boost
One surprise in the President's proposals for government spending and revenue-collecting: He called for a 5-cent postage rate on all out-of-town first-class letters. Congress so far has rejected even his previous call for raising

Annual Farm Show Opens In Harrisburg; Expect 600,000 Visitors; Many Conventions

HARRISBURG (AP) — Pennsylvania's bustling farm economy went on display today as doors opened for the 42nd annual State Farm Show.

Exhibits ranging from rare, colorful plants to multi-hued chickens captured the attention of the vanguard of an expected 600,000 visitors who will attend the five-day exposition.

Judging began immediately in scores of competitive livestock and vocational agriculture events. Farm youngsters from across the state were on hand before the 8 a.m. opening hour to groom their animals for the scrutiny of the judges.

Predict Sleet, Snow
Good weather greeted first day visitors at the show. However, traditional "farm show weather"—sleet and snow—was predicted by the U. S. Weather Bureau for late tonight or tomorrow.

In other first day action Pennsylvania's organized farm women began their two-day annual meeting, the first of some 30 annual farm organization conventions held in conjunction with the farm show.

Capture Gunman Trying To Rob Crosby Tourney Of \$100,000

PEBBLE BEACH, Calif. (AP) — An attempt to rob the Bing Crosby golf tournament of an estimated \$100,000 in receipts ended in a fight for a gun and capture of the gunman before dawn today, a deputy sheriff said.

The deputy, Tom Martin, guarding two safes across the street from the plush Del Monte Lodge, said he suffered powder burns in the struggle before overpowering the unidentified gunman and taking him to jail at nearby Salinas.

The man refused to give any name and was booked as John Doe.

Martin said Chester Gillette, treasurer of Del Monte Properties Co., and Frank Morton, an auditor, started to get in their car outside the offices about 1:30 a.m.

Threatened To Kill

The man came across the street and got in the back of their car, Martin said. "He had a suitcase, some adhesive tape and some binding ropes and he told Gillette a partner was holding Mrs. Gillette. He said if they resisted in any way, they would be killed and Mrs. Gillette, too," Martin said.

Martin said the gunman forced the two men to open the front door of the finance building, "but in order to get where the safes were, they had to call me," he said.

"It was only after I had opened the door that I saw this man had a gun in their backs. I had a gun too, but if I used it I figured they would be killed, so I dropped my gun at his orders and got face down on the floor."

"I pretended I was very sick and the ruse worked. When he

DRIVER, 15, IN CRASH; 3 HURT

A 15-year-old driver's inability to steer a car after starting a left turn, according to state police, led to an auto accident Sunday afternoon at

2:15 o'clock two miles north of here on the Harrisburg Rd. in which damage totaled \$900 and three persons were injured.

Police said 15-year-old LeRoy Lawver, son of Mr. and Mrs. Raymond Lawver, 224 Baltimore St., an unlicensed driver, attempted to make a left turn from a driveway into the Gettysburg-Harrisburg Rd. and failed to straighten out the wheel. As a result his car went to the north lane of traffic and crashed into northbound auto operated by Raymond P. Hennies, 20, Philadelphia, causing \$450 damage to each auto.

Removed to the Warner Hospital, young Lawver was treated for a laceration of the forehead. Hennies received treatment for abrasions of the forehead and both knees and contusions of the left elbow.

Frank Lineaweaver, 19, Lewisburg and Blue Ridge Summit, a passenger in the Hennies car, was treated at the hospital for a cerebral concussion, laceration of the chin, abrasions of both legs, right shoulder and forehead.

The museum's panel is one in which effects and details have been achieved with painting directly on the front of the glass.

COURT OKAYS ROAD DAMAGES OF \$14,700

The finding of the board of viewers that James E. and Lella Jane Behney, York Springs R. D., should be paid \$14,700 for damages to their property caused by the York Springs bypass was confirmed absolutely today, 30 days after the amount had been confirmed "nisi" by the county court.

No objections were filed by either the Behneys or the state during the 30-day period allowed before the order become absolute. Clerk of Court Kenneth W. Johns said today.

In the relocation of Route 15 around York Springs the state took over nine of the 15 acres owned by Behney, the bridge over the Hanover-Carlisle Rd. resting on one side, at approximately the former site of the Behney home.

Behney moved his home to a hillside overlooking the bypass, and turned down the offer of the state as damages. A board of viewers was then appointed and looked at the site last November.

Behney was represented by Attorney Charles W. Wolf and Donald G. Oyler in the hearings before the board of viewers, LeRoy E. Winebrenner, P. Lawrence Hoover and Attorney J. Francis Yake Jr.

Railing and Bodkins were apprehended by game protectors Raymond Devor, Carlisle, and Homer Thrush, Mechanicsburg, on January 7 and were taken to the Carlisle state police station for questioning of thefts of radiators, pipes and other metals from the buildings on the state land, which was recently turned over to the state by the government. The questioning resulted in the arrest of the other two.

Devor and Thrush were joined by Trooper Eugene Mihalik and the juvenile last Thursday for stealing metals from the state property.

COLDEST DAY OF MONTH IS FAR FROM RECORD

If this kind of cold weather continues throughout the remainder of the month, Gettysburg could wind up with the coldest January in a decade.

This morning's low of 11 degrees set a new mark for this winter and made the average temperature for the first 13 days of the month 25.8 degrees which is just about five degrees below what normal January temperatures should be.

The previous low for the month and for this winter was 12 degrees, reached in December and again on January 4.

Five days this month have seen the mercury remain below the freezing point around the clock and the low reading every day has been below freezing. The daily average high reading so far this month is 35.3 degrees, only three degrees above freezing, while the daily average low is 16.3 degrees.

Far From January Records
But this month must get a great deal colder before it can touch some of the records hung up in the last half century.

Take January 14, 1912, for instance, when the mercury dipped to 20 below zero in Gettysburg. Or take the month of January in 1918 when there were 30 inches of snow and the average daily temperature was 19 degrees, only a little above the current average of the daily lows. On January 1, 1918, the low reading here was six below zero and five other days that month it reached zero or below.

January of last year recorded a reading of seven below zero on the 18th of the month.

So far this month is short on precipitation. Nine hundredths of an inch of rain measured the night of December 31 and January 1 is the total so far. Normal precipitation in January here is 3.09 inches.

"WINTER MAGIC"

When the wind is howling loudly . . . and the weather's icy cold . . . all the land seems to be hushed in . . . a dreary minifield . . . but with all its gloomy aspects . . . wintertime has magic charm . . . invigorating mankind and . . . removing all alarm . . . there's Jack Frost, the master painter . . . with his mystifying art . . . touching every hill and dale . . . with wonderment and heart . . . with the frozen rain called snowfall . . . that gives life a different look . . . though some folks do not enjoy it . . . stories of it fill life's book . . . every season has its splendor . . . each one has a special place . . . giving to this life of ours . . . a form of godly grace . . . so it is when winds are howling . . . and the skies are icy gray . . . I, for one, enjoy the magic . . . of the wintertime's display.

IMPERIAL

Now there's a new measure of fine motor cars

Literally thousands of people are coming in to examine, to drive, and to buy the magnificent 1958 Imperial—because it is the new yardstick against which they can measure all other cars.

The reasons are wonderfully clear. First, let your eyes absorb Imperial's superb, totally distinctive styling. Its exclusive, gracefully curved side glass. There is nothing reminiscent of yesterday. No gadgetry. Nothing contrived simply to impress.

Sit in the Imperial. Where else in the world of

motordom will you see such genuine luxury? Where else Imperial's lordly pushbutton control panel . . . which places at your fingertip the industry's admittedly finest engineering?

Now . . . drive the Imperial. Feel the floating luxury, the dead-level smoothness of today's finest suspension system . . . the perfected suspension system.

We invite you to drive this unique motorcar. Once you have driven this great car you can appraise all others with a more knowing eye, for you have experienced the masterwork in action.

We must warn you, however—after Imperial nothing else will quite satisfy you. IMPERIAL . . . FINEST PRODUCT OF CHRYSLER CORPORATION.

Out Of The Past

From the Files of the

ONE HUNDRED YEARS AGO

The Railroad: On Wednesday last the Railroad was formally opened between New Oxford and Hanover. The day was bright and warm and there was a very large concourse of people assembled. A number of trains passed over the road during the day, crowded with passengers. There was no regular "spechifying" on the occasion. The mails and passengers are now carried as far as New Oxford, which enables us to get our evening letters and papers an hour or two earlier than before.

The address of Rev. Mr. Ziegler before the Young Men's Christian Association, in the Presbyterian church, on Monday night, was an excellent one. The reverend gentleman giving sound and wholesome advice to the young. He was listened to with great attention. We are pleased to see the increasing interest manifested in these lectures.

The Lecture to-night will be by Professor Jacobs in Christ church. His subject will be "Meteorology." The Professor has devoted a great deal of study and observation to this science and we may expect a very interesting lecture.

"Prospect Hill," belonging to the heirs of Wm. McClellan, deceased, in the northern part of the borough, was sold, on Tuesday last, to Mr. Henry Vance, of Baltimore, for \$2,700.

The "Blues" celebrated the 8th of January at Hanover, and we hear, had quite "a time of it."

Married: On the 31st ult. by the Rev. Jacob Sechler, Mr. Jacob Lott to Mrs. Ann E. Stonesifer, — both of this county.

On the 5th inst., by the same, Mr. Wm. H. Lausinger, to Miss Elizabeth Kump, both of this county.

On the 29th ult., by the Rev. S. Sentman, Mr. Augustus Harner, to Miss Anna Marie, oldest daughter of Mr. Jacob Maring — both of this county.

Today's Talk

TOGETHER

An organization grows great and efficient through the interest, enthusiasm and co-operation of all its workers. There would be no more wars if all nations worked together for the good and happiness of each. What a waste of human beings to send them into war, anyway. Over my life's span I can recall a time when there were no great wars and no prospect that there would be war. There was a healthy interchange of ideas and services. People could work, save, and have dreams that would come true. Today there is little co-operation among nations, and efficient workers are at a premium — if you can find them! The fact still remains, however, that success is founded upon efficient people working together happily, and for a purpose. I recently read of an interview with Herbert Hoover and he was asked how he handled criticism when in office. He said: "Two ways. You use your head and you use your faith." There you have the secret of why this man is so beloved of the world and so deeply respected. Herbert Hoover has always gotten along peacefully and happily because he has worked with people and has given the best that is in him.

What a great example of peace and good will are the relations between Canada and the United States! Good neighbors, working together for the happiness and prosperity of each. Why should there ever be a war between intelligent nations? Why should nations always work for the best interests of each? All wars are waste. Most are a waste of human beings. Benjamin Franklin once said, "There never was a good war nor a bad peace." If the entire world were always at peace, what a world this would be in which to live!

Tomorrow Mr. Adams will talk on the subject: "Hang On!"

THE SNOW STORM

The snow at twilight floated down

In gentle flakes of fleecy white
And streaked the roofs about the town

With gray; but ere the shades of night

Had fallen, bolder grew the storm
And whiter made all earthly things,

And wrapped in ermine then the form
Of nature, like a snow-bird's wings.

First tinged with gray the world appeared;

But later, when we looked to see,

Old Father Time with snow white beard

We likened to the willow tree.
The snow man that the boys had made

Looked, so declared a little girl,
As though some jeweler by trade

Had made a man of purest pearl.

And when upon the morn we awoke

The storm had passed; but stretched before,

Unstained by city grime and smoke,
A diamond field there by our door—

A drift of dazzling brilliants that
Outsparkled richest gems of kings;

And once again we marveled at
The wonders that a snow storm brings.

WILL STEP UP PRODUCTION OF STEEL FACTOR

PITTSBURGH, Pa.—A Pittsburgh firm is all set to add new capacity to the nation's limited commercial production of ferromanganese—an important ingredient in most steel-making.

Pittsburgh Coke & Chemical Co. after adapting one of two big iron-making blast furnaces, said it will enter the market this year. Steel producers will be the potential customers.

Ferromanganese is used in steel-producing open hearths to purify the molten metal and to give the finished steel hardening qualities and additional strength.

Million Tons Last Year
Steelmen use an average of 14 pounds of ferromanganese for every ton of steel produced.

Pittsburgh Coke will import manganese ore and process it at its Neville Island plant in Pittsburgh. The firm will have the capacity to produce 400 tons of ferromanganese a day.

Last year, U.S. ferromanganese production capacity roughly was estimated at one million tons.

The nation's two biggest steel producers—U.S. Steel and Bethlehem—accounted for the bulk of the capacity. Both firms use nearly all the ferromanganese they produce.

U. S. Steel Buys
U.S. Steel Corp. by far the biggest producer as well as user, of ferromanganese, has capacity to make more than 700 tons a day at its Duquesne Works, near Pittsburgh.

The Duquesne operation and a smaller unit in the South produce about 85 per cent of the ferromanganese used by U.S. Steel. That means the company still must buy when operating full force.

Commercial production has been by E. J. Lavino & Co. of Philadelphia plus several firms that produce about 30 per cent of the national tonnage in electric furnaces.

Blast Furnace Method

Lavino and the steel companies use the blast furnace method to produce ferromanganese. The method is considered more economical.

Pittsburgh Coke currently is a big producer of chemicals and also supplies pig iron to non-integrated steel companies and foundries.

The coke and chemical company for many years has operated two blast furnaces, each with 900-ton-a-day capacity, to produce the pig iron which it markets.

It is one of these blast furnaces that has been converted for ferromanganese production. The company said the converted furnace still can be used to produce pig iron when needed.

Organize Subsidiary

In discussing the firm's entry into the ferromanganese market, a company spokesman said:

"It's a natural move for the company to more fully utilize our capacity and broaden our product base. The long range plans of the steel industry call for additional steel production to meet the needs of a growing nation."

Pittsburgh Coke has organized a subsidiary firm—Neville Ferro Alloy Co.—to market the ferromanganese and any ferromanganese alloys that may be produced after the initial process is started.

Carpenter Held In Wife's Death

LANCASTER, Pa. (AP)—A 32-year-old carpenter was held on an open charge today in the death of his wife during a domestic argument.

Police said Charles C. Dorsey admitted striking his wife, Grace, with his open hand during an argument Saturday night in their living room.

She suffered a nose and jawbone fracture and died of a hemorrhage. Their three young children were asleep at the time.

HOLLYWOOD (AP)—Recovered

Plastic Surgery Aids Tex. Prisoners

HOUSTON, Tex. (AP)—New faces and other physical repairs through plastic surgery are giving Texas prisoners a new outlook when they are released.

O. B. Ellis, general manager of the state prison system, says the program has benefited 450 prisoners.

"It is a proven factor of criminology that facial deformities and other disfigurements that contribute to personality complexes and handicap a man in finding work are closely related in many cases to the crime a man commits," Ellis said.

ART LINKLETTER IS SUCCESS IN ANOTHER FIELD

By BOB THOMAS

HOLLYWOOD (AP)—Not content with being a TV star and millionaire, Art Linkletter has now become a best-selling author.

When I met the hearty extrovert, he didn't mention the latest rating of "People are Funny" or the success of his investments. But he was full of news about his book, "Kids say the Darndest Things."

"I just talked to my publishers today," he reported happily. "They said my book had sold 215,000 copies in the first four weeks, the biggest sales of any book they've had. And they publish Norman Vincent Peale, too!"

Things Kids Say

The Linkletter volume is a compilation of the things kids have told him on his afternoon "Houseparty" TV show. Art has a way with the youngsters that manages to evoke hilarious statements. His favorite:

Linkletter: Was there anything your mother told you not to say when you got on my program?

Boy: Yes, she said not to say that she was pregnant.

Linkletter: Why not?

Boy: Because she isn't.

Did Book Himself

He has been collecting these remarks for over a decade. After each show, he dictates the choice ones to his secretary. He always figured he would do something with the material some day. But the opportunity never came until a Prentice-Hall editor happened to catch a "Houseparty" broadcast. He phoned Art and suggested the book.

Art said he eschewed ghostwriters and did the book himself. "People don't realize it, but I started as a writer," he remarked.

"When I was a student at San Diego State, I wrote the school play. I wrote radio shows in San Diego and I created the pageants for the Texas and San Francisco expositions."

Pop's Hobby

The Saturday Evening Post took the book for a serialization. The sales jumped Art into the best-seller lists almost with publication. In most calculations, he runs No. 2 below Bernard Baruch's autobiography.

Proceeds of "Kids Say the Darndest Things" go to Art's five children under a special deal he has set up.

Already there is talk of a sequel, and he has plenty of material. Just last week, he picked up this one:

Linkletter: What is your father's hobby?

Boy: I don't know. He does it after I go to sleep.

Remove seeds from a cantaloupe and slice into rings. Fill rings with blackberries and seedless grapes. Delicious dessert!

CONGRESS TO LOOK FOR WAYS TO CUT BUDGET

WASHINGTON (AP)—Congressional fiscal leaders said today they will do what they can to cut the record peacetime spending budget President Eisenhower sends to Congress today.

Government sources disclosed last week the budget would call for spending of more than \$73,800,000,000, and Eisenhower said in his State of the Union message it "will roughly balance." The sources said the balance was precarious, and said a deficit now was expected for the current year.

But even before the new budget's formal submission, key House members indicated they were more hopeful of assuring a bigger balance than they were of avoiding an increase in the national debt limit, now 275 billion dollars.

Chairman Cannon (D-Mo) of the House Appropriations Committee, where money-spending bills originate, said most of the 16 subcommittees handling the over-all budget in piecemeal fashion would start hearings almost immediately.

Cannon expressed regret the budget for the 12 months starting next July 1 will provide for a surplus less than one billion dollars if revenues keep up with expectations.

"The attitude of our committee," he said, "is that money for legitimate defense needs must be provided without question. There is some feeling, though, that since the Pentagon has about eight billion dollars in unexpended funds which won't be spent for several years, they might dip into that instead of using new funds. We can always provide the money later if it should be needed."

To Cut Deeper

Since defense needs account for more than half the new budget, Cannon said "We are going to cut much deeper than we usually do in nondefense items."

Due to stepped-up defense programs, the 1959 budget will provide the highest government spending since World War II and will be only slightly below the 74.3 billion dollars in the fiscal 1953 budget when the Korean War was at its peak.

The 1953 outlay, however, included highway spending now financed out of a separate trust fund not included in the figure for 1959.

American Editors Fly To Bucharest

MOSCOW (AP)—Nine touring U.S. publishers and editors left Moscow yesterday disappointed at their failure to see any Kremlin leaders but impressed by what some of them termed "obvious progress" in the Soviet capital.

The party flew to Bucharest, Romania, and were to push on to Budapest. They will be the first such delegation to enter Hungary since the abortive revolt of October 1956.

Paul Chalfant of the Waynesboro (Pa.) Record Herald, said, "my ideas on the Soviet Union have been considerably changed by even this short visit here."

"The obvious progress in many things is most impressive," Chalfant added, "but there are many other things which are equally impressive by their lack of progress, especially in Moscow's shops and offices."

The Laborite Daily Herald asserted that U.S. Secretary of State Dulles, "with his eternal 'No, no, no,' is becoming as great a menace to peace as was Mr. Molotov in the first years after the war."

DEATHS

By THE ASSOCIATED PRESS
COLUMBUS, Ohio — Dr. Otto Mees, 78, president emeritus of died yesterday of a heart seizure. The youngest college president in the country when he took over the presidency of the Lutheran school in 1912, Dr. Mees retired in 1946.

WASHINGTON (AP)—Rep. Russell W. Keeney, 60, Illinois Republican, died Saturday of a chronic bladder ailment. He represented the 14th Illinois Dist. A member of the House Judiciary Committee, Keeney was elected to Congress in 1956.

FREDERICTON, N. B. (AP)—Ronnie Jamieson, 14, a leukemia victim "adopted" by Cleveland, Ohio, sports teams, died yesterday. An avid sports fan, Ronnie met Cleveland sportsman John Carroll in Bannockburn, Ill., last summer where he was trying to regain his health. Carroll carried word of the boy's plight back to Cleveland and he became a project of the city's sports organizations.

SEE HOPE FOR SUMMIT TALKS IN IKE'S REPLY

By TOM OCHILTREE

LONDON (AP)—West European newspapers today expressed relief that President Eisenhower had kept alive the prospect of a summit conference on East-West problems.

There also was some criticism of the contents of the President's reply to Soviet Premier Bulganin—a feeling that Eisenhower may have defined too carefully the conditions under which he would attend a meeting of government leaders.

Despite this, however, there was a general feeling in papers of various political hues that an "if" from Eisenhower was better than a "no" to Russia's propaganda hammering for East-West talks.

Llewellyn Thompson, U.S. ambassador to Russia, delivered Eisenhower's 4,000-word reply to the Soviet Foreign Office in Moscow.

There was no immediate reaction in the Soviet press or radio. The Communist party organ Pravda published Bulganin's letters to the prime ministers of Belgium and Denmark but made no mention of the delivery of Eisenhower's reply.

It is usual Soviet practice to withhold publication of such communications or even comment on them until the Kremlin has replied.

Eisenhower's letter drew more barbs from the British press than elsewhere.

The Laborite Daily Herald asserted that U.S. Secretary of State Dulles, "with his eternal 'No, no, no,' is becoming as great a menace to peace as was Mr. Molotov in the first years after the war."

2 AMERICAN BOYS MISSING

TOKYO (AP)—American and Japanese police began a search 400 miles southwest of Tokyo today for two American teen-agers missing since they tried to join the Canadian navy last Thursday.

The boys, both students at a military high school near Tokyo, are Noel Zalanka, 16, of Pottsville, Pa., son of Lt. Col. and Mrs. Adam Zalanka, and Thomas Swires, 15, Akron, Ohio, son of

Capt. and Mrs. Thomas Swires. The families live at Yokota Air Base, 30 miles west of Tokyo.

The Air Force said they received a tip early Monday the boys were seen on a train in the Osaka area some 400 miles below Tokyo. A search was begun. Both reportedly had friends in the district.

Col. Zalanka said the two showed up at the Canadian embassy, instead of at school last week, tried to enlist in the navy and were turned down.

Bullets Easy 66-55 Victim Of Lehigh; Freshmen Snare Third Straight Win 71-64

A miserable first half, during which they landed but four field goals, proved fatal for the Gettysburg College cagers here Saturday evening as they suffered a 66-55 reverse at the hands of Lehigh before a large crowd.

The Bullets, now 2-9, were a completely outclassed and ragged outfit in the first half when Lehigh toyed with the locals to amass a 40-12 lead at intermission and consequently was never in serious trouble although Bob Hulton's boys improved tremendously after intermission.

Gettysburg never led after Healy landed a goal after 26 seconds. Bob Walsack and Marty Miller landed successive goals to cut the Engineers' margin to 6-5 after 2:10 but then the Bullet attack went stale and it took 13 minutes before another twin-pointer by Frank Grzelecki, was forthcoming. Meanwhile the visitors punctured the Bullet defense at will and piled up its big lead.

G-Burg Attack Gains
Walt McGowan, Walsack and Frank Capitani landed successive goals in the first two minutes of the second half as the Bullets finally began to solve the Lehigh defense. McGowan was a big factor with his rebounding at Gettysburg, crawled to within 53-40 after 12:43 minutes but the Engineers always retaliated with a goal just when the Bullets looked as though they might catch them.

Bob Roepke was the big gun for Lehigh with 23 points. Walsack and Del Warfel each wound up with 13 for the Bullets.

Howard Shoemaker's fast moving freshmen spotted the Engineer from an early lead and then roared ahead to win their third in a row in the preliminary 71-64 to hike their mark to 3-4.

Oppose F. and M.
Both Gettysburg teams travel to Lancaster Wednesday evening for a twin bill with Franklin and Marshall. High-ranked Temple comes here Saturday evening.

CASPER TAKES PEBBLE BEACH WINNER'S ROLE

PEBBLE BEACH, Calif. (AP)—Affable Bill Casper, who continues to gain golfing stature while he watches his waistline, banked a fat \$5,500 today as his winning share of the Bing Crosby Tournament loot.

With the \$2,200 he picked up as third-place winner at Los Angeles the previous week, Casper's cash register has clicked at an average of about \$592 per day for 1958.

The 26-year-old ex-sailor, a 215-pound Californian from Apple Valley, captured the \$4,000 top prize in Crosby's 72-hole \$50,000 event yesterday with an 11-under par score of 277 for a four-stroke bulge.

He collected another \$1,500 as he and his amateur partner, former Stanford football star Bob Reynold, finished second with a best-ball total of 261. That was a stroke off the \$2,000 winning pace of pro Jay Hebert and former California amateur champ Roger Kelly from North Hollywood, who carded a 260.

Second place and \$2,400 went to 24-year-old Dave Marr, Rumson, N. J., who carded 72 and a 281 total.

Deadlocked at 284 were Doc Finsterwald, Tequesta, Fla.; Jack Burke Jr., Klamath Lake, N. Y.; and Ken Venturi, San Francisco. Their payoff was \$1,633.33.

Hampton Pool Will Not Coach Eagles

PHILADELPHIA (AP)—The Philadelphia Eagles, just beginning their search for a successor to head coach Hugh Devore, already have been turned down by Hampton Pool, coach of the Toronto Argonauts.

Lew Hayman, managing director of the Canadian Football League team, said last night that Pool has decided to remain at head coach of the Argonauts under a two-year contract which has a year to go.

The Eagles, explaining that they had not made Pool a definite offer, said he was one of a long list of potential successors to Devore, who was relieved of his job Saturday.

Devore had coached the Eagles for two years. His 1956 team finished in last place and the 1957 team in next to last place in the eastern conference.

G-BURG MATMEN HAND HOFSTRA JOLT WITH TIE

Gettysburg College's wrestling squad turned in a surprise by battling the highly-rated Hofstra matmen to a 13-13 deadlock at Hempstead, Long Island, Saturday.

The Bullets led throughout and were forced to accept a tie when Fingeret of Hofstra gained a narrow and hotly contested 3-2 decision. Jan. 21, in a bout listed by Massachusetts as for the world title.

The 12-rounder will be carried on ABC-TV starting at 10 p.m.

Harold Johnson hopes to move another step closer to a second title shot in the light heavyweight class by besting Wayne Bethea in a Friday bout (NBC-radio-TV) at Syracuse, N. Y.

DOLPH SCHAYES SETS NEW MARK

By THE ASSOCIATED PRESS
Dolph Schayes of the Syracuse Nationals ranks today as the foremost scorer in professional basketball annals.

The 29-year-old former New York University luminary eclipsed retired George Mikan's all-time pro career scoring record by collecting 23 points as Syracuse drubbed the Detroit Pistons 135-109 yesterday.

The 6-8, 220-pound Schayes now has scored 11,770 points in 10 years of pro play, including the 1948-49 season when Syracuse was in the National Basketball League. Mikan tallied 11,764 points in nine pro campaigns.

In other games yesterday the Cincinnati Royals overwhelmed the Boston Celtics 115-97, the Philadelphia Warriors, paced by Neil Johnston's 33 points, downed the New York Knicks 115-110 in overtime and the St. Louis Hawks turned back the Minneapolis Lakers 111-105.

RENT UNIVAC TO SAVE MONEY

HARRISBURG (AP)—An electronic computing system, Univac, will save the state upwards of \$300,000 a year beginning this summer, Gov. Leader says.

The device is to be rented from the Remington Rand Division of Sperry Rand Corp. at a fee of \$25,000 a month, the governor said in a weekend statement.

While its cost will be \$300,000 a year, it is expected to save well above double that figure by cutting personnel and other costs, administration sources said.

The first job the computer will attack is the processing of the entire state payroll. This it will begin "by summer," Leader said.

Other jobs it eventually will undertake include the compilation of vital statistics and the solution of highway engineering problems.

An administration spokesman said particulars of necessary personnel curtailments would be announced soon.

MOST CHAMPS ON HS COURTS KEEP WINNING

HARRISBURG (AP)—Reigning schoolboy basketball champions are continuing their campaigns across the state to stay on top in 1958.

Most major teams have seen action in at least three league games so far. In all but a few contests, last year's league and district champions emerged winners.

One 1957 district king—Allentown—started its league season Friday. The result, as had been predicted, was defeat for the titleholder.

Two other 1957 champions—Reading and Clearfield—got off to shaky starts but may still take '58 titles. They both won Friday.

Report By Regions
Here's the situation by regions:

In the west:
Dist. 6—Altoona seems bent on knocking down reports that it isn't as strong as last year. The district champ beat Johnstown 58-49 Friday, its second in a row after having lost the season-opener to Westmont.

Dist. 7—WPIAL Champion Sharon drubbed Alliquippa Friday, 54-37. Sharon, too, is giving the lie to "experts" who said it had lost considerable strength. Sharon has won its first three league games with an average margin of 21 points.

Dist. 9—Clearfield snapped back Friday with a 64-40 win over Brookfield. Its first two league outings saw the district champ lose by 14 points to DuBois and 4 points to Philipsburg.

Dist. 10—Erie Strong Vincent opened a campaign to retain the district crown Friday by downing East, 77-55. Its non-league outings also have shown ESV a prime contender in the northwest.

Meadville, traditional EVS rival, took Corry Friday, 61-34.

The Eastern Picture
In the east:

Dist. 1—Chester behaved like the runner-up state champ it is last Friday, crushing Upper Darby, 90-58.

Dist. 2—Nanticoke, district and Wyoming Valley League champion, defeated Wilkes-Barre Coughlin, 76-51 Friday, for its third straight this season.

North League champ Swoyersville drubbed West Wyoming Friday, 76-37.

Dist. 3—District champion Reading beat Lancaster, 69-41, Friday, apparently picking up speed in another try to remain central Pennsylvania ruler. Reading lost to Harrisburg Penn its first time out, but now is 2-1 for the season.

Other Standings
Dist. 4—Coal Twp., a favorite with most observers to take the Keystone League and district titles again, was idle Friday. It will square off against Shamokin tomorrow.

Dist. 11—Allentown, the reigning champion here, found a powerful Hazleton too much for it on Friday. Allentown lost the league opener, 81-68. Hazleton's non-league showings have been impressive.

Palmerton took Stroudsburg, 69-59, Friday, its second win in as many tries for another Lehigh Valley League crown.

OFFER 2 POINTS AFTER TD AS NEW COACH PROBLEM

FORT LAUDERDALE, Fla. (AP)—Football coaches have a new strategy problem to cope with today: Is it better to try for a one-point conversion after a touchdown, or gamble for a two-point.

That option — one point if kicked, two points if by a run or a pass — was written into football law yesterday, along with a more liberal substitution rule and several other changes.

The new scoring rule, first change in football's point system in more than 40 years, and other revisions were adopted at the closing session of the Football Rules Committee of the National Collegiate Athletic Assn.

To Reduce Ties
The scoring change — designed to reduce the number of ties and boost fan appeal — came as a surprise. Proposed by Committee Chairman H. O. (Fritz) Crisler, athletic director at Michigan, the rule originally was scheduled for a year's study by a subcommittee.

The change in the substitution rule was designed to help small colleges with limited squads, Crisler said. Effective immediately, both starters and substitutes will be able to make two appearances in each quarter. For the past three seasons, only the players who started a quarter could leave and be eligible to return during the same quarter.

Kansas had run up a streak of 10 victories until Chamberlain took sick. Then the Jayhawks lost two in a row, Colorado, however, has won only 3 of 10 games, so with or without Chamberlain, the Jayhawks will be favored.

Mississippi State gets its chance for revenge against Vanderbilt in a Southeastern Conference game on the Commodore's floor. Not only did Georgia Tech snap Mississippi State's victory skid, but the Ramblin' Wrecks knocked the Rebs right out of the league lead.

Terps Beat N. C.
Now Tennessee and Kentucky, a couple of strong outfits, are tied for first place, both showing clean league records. They meet Saturday, so something will give.

North Carolina, last season's national champion, doesn't play until Wednesday when the Tar Heels meet North Carolina State. It appears now that N. C. Coach Frank McGuire wasn't kidding when he said before the season that Maryland was the team to watch in the Atlantic Coast Conference.

The Terps polished off North Carolina Saturday 74-61, and now certainly are the favorites to win the AAC title. The defeat was North Carolina's second of the season.

Worsley, who was farmed out to the American Hockey League in early November, excelled as the Reds whipped the Springfield Indians 4-2 last night. Providence and Springfield played to a 2-2 overtime tie Saturday.

In other games last night the Buffalo Bisons throttled the Cleveland Barons 4-1 and the Rochester Americans and Hershey Bears tied 6-6 in overtime.

Earl Balfour's goal with 46 seconds left in regulation time earned Rochester its stalemate with league-leading Hershey. Goalie Gil Mayer of the Bears, playing his first game in over a month, had 52 saves. The Amers defeated Hershey 5-2 Saturday night.

KANSAS MEETS COLORADO IN COMEBACK TRY

By ED CORRIGAN
The Associated Press

Kansas, Mississippi State and Texas Tech — each hoping to regain lost prestige — play important conference games tonight, while West Virginia, which has developed into the Goliath of college basketball, sits idle until Wednesday.

Until Saturday, Mississippi State and West Virginia were the only top-ranked undefeated teams in the country. Then Georgia Tech clubbed the Rebels 78-61.

That leaves only West Virginia, the Southern Conference kingpin, in the undefeated class, with 12 victories. The Mountaineers, No. 1 in this week's Associated Press poll, meet Pitt Wednesday.

Wilt Without Wilt
Kansas, a floundering giant without Wilt Chamberlain, goes against Colorado on its home court tonight in the almost unbelievable position of being tied for next-to-last in the Big Eight with an 0-1 league record.

Kansas had run up a streak of 10 victories until Chamberlain took sick. Then the Jayhawks lost two in a row, Colorado, however, has won only 3 of 10 games, so with or without Chamberlain, the Jayhawks will be favored.

Mississippi State gets its chance for revenge against Vanderbilt in a Southeastern Conference game on the Commodore's floor. Not only did Georgia Tech snap Mississippi State's victory skid, but the Ramblin' Wrecks knocked the Rebs right out of the league lead.

SENIOR BOWL WON BY NORTH ON SATURDAY

MOBILE, Ala. (AP)—The North won Saturday's Senior Bowl football game in the line. The 15-13 Yankee victory was largely a triumph for the heavier North forward line, plus a better balanced offense.

The actual margin of victory was provided by end Rod Hanson of Illinois, named outstanding North lineman. The 196-pound defensive star blocked a punt by fullback Billy Atkins of Auburn for a second-quarter safety and an 8-0 Yankee lead.

Quarterback Jim Ninowski of Michigan State, chosen outstanding back for the North, completed 12 of 23 passes for 123 yards. The North added 128 more yards rushing.

Late Drive Fails
The South rushed for 154 yards. It had 20 yards passing on only two completions in 18 tosses.

Both passes were from quarterback Ray Brown of Mississippi to end Jimmy Phillips of Auburn during a drive that ended on the North two with seconds remaining. There, Atkins attempted a field goal but the ball was sliced just to the right of the goal post.

Members of the winning team were paid \$500 each, the losers \$400.

Fullback Jimmy Taylor of Louisiana State was named the game's outstanding player by sports writers and broadcasters. The 200-pounder was leading rusher in the game with 88 yards on 22 carries.

Guard Jackie Simpson of Mississippi, who backed up the South line, was chosen outstanding South lineman.

Boxer Joey Lopez's favorite hobbies are golf and horse back riding.

WASHINGTON (AP)—It's like a revolt of the generals—peaceful, but a revolt—against the judgment of their commander in chief, President Eisenhower. The very timing of it may have shocked or angered him.

The nation has waited weeks—since Russia showed it was ahead in missiles by launching the Sputniks—to see what Eisenhower intended to do about matching the Soviets or trying to get ahead of them.

Thursday—in his State of the Union message to Congress—was his first chance to lay out his plans formally and publicly. Before he could deliver the message, two top generals blasted his administration's planning.

Beyond The Usual

The two cut loose Wednesday. They were Lt. Gen. James M. Gavin, the Army's chief of research and development, and Gen. Thomas D. White, Air Force chief of staff.

It's usual in Washington to see the heads of the three branches of the armed forces complain to Congress they need more money. But the Gavin-White complaints went beyond the usual.

In the first place, this is not the typical postwar year when this country had clear-cut military superiority. It's a critical year when the American future may depend on the plans made this year.

Under Heavy Criticism

Second, both generals know Eisenhower has been under heavy criticism for the lag in American missile development and that he is expected to do the utmost in his plans to make up for lost time.

Third, they put his 1958 programs under suspicion before he

Biting Cold Holds In New England

By THE ASSOCIATED PRESS

Biting cold continued over New England today with temperatures ranging from the teens to below zero in some sections.

Elsewhere over the country, except for northern Minnesota where readings were in the low teens, temperatures were above normal.

Readings in the 20s were common in the mid-Atlantic Coast states and northward through the Great Lakes region and into the northern Plains. Southward, temperatures climbed through the 30s and 40s to the 50s near the Gulf Coast and into the 60s over southern Florida.

Widespread precipitation extended northward from the Gulf through Texas into Kansas and Missouri.

had a chance to announce them. For instance, both attacked his budget—the money he wants to spend—although he won't reveal his budget to Congress until Monday.

So far as is known neither general volunteered his opinion. Both were called to testify before the Senate's Preparedness subcommittee which has been investigating American defenses since the Sputniks went up.

Gavin Position

Gavin went so far beyond the usual military man's complaint about needing more money that he is retiring from the Army. One of the reasons he gives is that he could not defend the amount of money Eisenhower will ask for Army research.

The Army's position, Gavin told the senators, is deteriorating rapidly and "I can't do anything about it." He added that "I can do better outside the Army than in."

And he said that the Soviet Army is far superior now to the American. He said the Army needs missiles, thousands of airplanes, and equipment.

SCHOOL BELLS RING TONIGHT FOR SPACEMEN

LOS ANGELES (AP)—School bells ring tonight for future spacemen. In the first undertaking of its kind, University of California is launching a 17-week course in space technology.

Classes will be held simultaneously in Los Angeles, San Francisco, San Diego and Lancaster, Calif., beginning tonight.

To Avoid Sensational

Purpose of the course, says J. C. Dillon, head of the university's Engineering Extension Division, is to provide "a sound yet imaginative exposition of fundamental principles of very long-range ballistic vehicles."

"We will avoid the sensational and space cadet type of material," Dillon says.

The Los Angeles series has attracted 1,800 students and the San Francisco and San Diego courses more than 400 each. The Lancaster course was a last-minute addition to accommodate more than 500 military and civilian personnel of Edwards Air Force Base, where the nation's new jet and rocket planes are tested. Each student pays a \$35 fee.

UNION CREATES DEFENSE FUND

CHICAGO (AP)—Harold J. Gibbons, Teamsters Union vice president from St. Louis, says 100 Midwestern officials of the union have pledged \$1,040 each for a common legal defense fund.

Gibbons said the fund also would be used to support the donor's family if he is convicted of a crime and is sent to jail.

"We've been asking people to contribute since last October," Gibbons said. "We've signed up people who want to be protected." Gibbons explained the plan this way: "This is strictly voluntary. Everyone of us is available (for court action) due to the very widespread investigation of the Teamsters Union."

He said the money will be turned over to an organization known as "Labor's Minute Men" and funds will be administered by seven trustees appointed by the union executive board.

Gibbons did not estimate the number of potential donors. "After 150 sign up we can relax," he asserted.

Some 250 Teamster representatives from Midwest states were in Chicago Thursday to ratify a new contract agreement.

LAS VEGAS, Nev. (AP)—Singers Sammy Davis Jr. and Lory White got together for a matrimonial duet, but the bride was late for the wedding.

Miss White, 23, explained she was an hour tardy because relatives, through a misunderstanding, didn't arrive on time to help

FLEE JAIL FOR VISIT; RETURN

SCRANTON, Pa. (AP)—Three prisoners escaped from their cells at the Lackawanna County jail last Dec. 28, visited their families for two hours, and then returned to prison, according to Dist. Atty. Carlton O'Malley.

O'Malley, who is conducting an investigation of conditions at the jail, said Thursday that prison guards on duty at the time were not aware the three had escaped. They were Edward Grabousky, 35, Scranton; Joseph Holland, 30, of nearby Taylor, and Lawrence

Warden Patrick Manley is expected to appear later before a prison board looking into the case.

Seize 62 Men And \$10,000 In Raid

MOUNT HOLLY, N. J. (AP)—State police say a gambling raid on a Pemberton Twp. bungalow was the biggest in the area since the 1949 raid on the Maple Shade Casino.

Sixty-two men and \$10,000 were seized in the raid yesterday and nine of the men were held in \$2,500 bond for the Burlington County grand jury. The other 53 in-

SAYS INFLATION TAKES BIG TOLL IN U. S. BUDGET

NEW YORK (AP)—The ups and downs of the federal budget—mostly up, it seems—mirror the military and economic history of the United States.

President Eisenhower is expected to spend nearly 74 billion dollars to meet the international problems and domestic needs of the coming fiscal year. George Washington in the eight years of his administration got along on an average expenditure of 4 1/2 million dollars a year.

Besides the growth of population, 25 Philadelphians, were fined \$100 plus \$5 court costs each by Municipal Judge James W. Anderson of Brown Mills.

tion and changing standards of living other factors enter in.

Inflation takes a toll of the federal budget.

The nation has changed from an isolated entity to a world leader with finger in almost every international problem.

People make more demands on government now, expect more services.

When Abraham Lincoln was president his four years of war averaged out at a cost of 838 million dollars a year, a record then.

The first billion dollar budget came under Woodrow Wilson. But the average annual expenditure of his eight years in office, including World War I, was 5 1/2 billion dollars.

Soared Under FDR
During the 12-year regime of Franklin D. Roosevelt, average expenditure soared to 31 billion dollars a year.

In postwar 1948 federal spending was 33 billion dollars. The Korean War and building up the nation's defenses in the cold war

brought fiscal 1953's expenditures to 74 billion.

Then the nation had one of its periods of diminishing spending. Fiscal 1955 it dropped to 64 1/2 billion. Federal budgeting has risen steadily since—to an estimated 72 1/2 billion dollars in the present fiscal year ending June 30.

Debt Grows, Too
The federal debt has swelled, too. This year the treasury will pay out about eight billion in interest on the 275 billion dollar debt. This seems due to go higher next year.

The other side of the budget, tax collections, mirrors the ups and downs of the U. S. economy even more clearly.

The treasury now gets about 70 per cent of its revenues from individual and corporate sources.

When the economy recedes down to tax receipts.

One of the problems in balancing both this and next year's budgets is that the recession is cutting profits and incomes—and treasury collections.

Families get tired of plain white bread! Some cracked wheat, pumpkin and rye sometimes.

Rams Burning Car Into Tree; Escapes

READING, Pa. (AP)—A scoutmaster drove a flaming car away from 10 boys in his troop, ramming it into a tree and leaping free just before it blew up.

One of the boys, who had just returned from a hike yesterday, accidentally flipped a match onto some gasoline which had leaked from the tank.

The scoutmaster, Vincent M. Merkel, 39, of Pottstown, drove in the tree to stop the car because the brakes wouldn't work.

When you're filling thin pan-

cakes with creamed chicken for a fancy lunch, you'll need a cup of cream sauce and two cups of cubed chicken for the filling. An extra cup of the sauce, flavored with grated Parmesan or Romano cheeses, may be used for the topping.
